Ford Model: Ford Fiesta 1.4 Tdci Style Plus Posted April 14, 2010. Hi all, If you take the courtesy light out of its roof lining holder you will see on the back a green/grey wire (earth), a yellow/grey wire (12v+), these are the two wires you need to tap into the loom. These wires run down the nearside 'A' Post behind the glove box. Once you have made your connection there you can run the ...

Hi There, i have a ford fiesta 1.4 tdc with an intermittent starting issue. Basically with the key in the start position the engine does not turn over. The key code light is not flashing and I have changed the starter relay behind the glove box. What i have found is with the key held by someone else in the start position and when i move the wiring harness connected to the ecu it will turn ...
